

VIRTUAL MENTAL HEALTH CARE LEADERSHIP
DISCUSSION SERIES

SHAPING the FUTURE of VIRTUAL MENTAL HEALTH CARE for 2021 and BEYOND

DISCUSSION #1 OF 5

LEADERSHIP LESSONS:

Mobilizing virtual mental health care services during a pandemic

TUESDAY, JANUARY 26, 2021
1:00-2:30 P.M.

Please join us for this panel discussion from
1:00-2:30 p.m. on Tuesday, January 26, 2021.

This session offers guidance to leaders
seeking to implement, scale and sustain
virtual mental health care and services.

The panel will:

- discuss opportunities provided by digital technology to rethink current service design and delivery
- discuss different organizations' digital health capabilities (e.g., policy and decision-making, and workforce capacity and competency)
- examine how to engage with mental health care technology innovations
- explore actions, strategies and tools for managing an organization's digital transformation.

Audience:

Health care/service leaders and decision-makers, including:
administrators | advanced practice clinical practice leaders
and program managers | ethics and privacy advocates
| digital program managers and digital champions |
educators | policy-makers | project managers
