

Sim City Rounds: U of T Simulation

The Road to Deliberate Simulation

Speaker: Dr. Georges Azzie

Moderator: Dr. Petal S. Abdool

Learning Objectives:

- Describe the relevance of research in the summative and formative assessment of technical skills
- Review the practical impact of 20 years of simulation-based research how we teach surgical skills
- Discuss the role of simulation-based education on the acquisition of technical and non-technical skills

Thursday, February 13, 2025

12:00pm-1:00pm EST
